5.08.110: BOOTHS, VENDOR TRAILERS, AND STAND REQUIREMENTS:

- A. A five (5) pound ABC fire extinguisher shall be required of each vendor that prepares any food through the use of electrical or liquefied gas products. This requirement shall also apply to any other booth that uses both electrical and liquefied gas products for its operation. A two and one-half (2 1/2) pound fire extinguisher shall be required of nonfood vendors.
- B. A trash receptacle shall be required of each vendor that prepares food products. A trash receptacle shall also be required for the disposal of refuse by customers.
- C. It is unlawful for any vendor to dispose of garbage or grease on any public street, sidewalk, storm drains, or on any public or private property. It shall be the responsibility of each vendor to dispose of such garbage, or grease, at an approved sanitary landfill.
- D. It is unlawful for any vendor to connect to the electrical system of the town without prior approval of the fire marshal. The applicant for a license to operate a fiesta or festival shall be required to contract with a licensed electrician to ensure that all electrical work complies with the code, and in a manner satisfactory to the town. The cost of the electrician will be paid for by the applicant.
- E. It is unlawful to construct or locate any booth, stand, vehicle, or any other obstruction in any designated fire zone.
- F. All vendors that offer food for sale shall be required to have an approved grease trap.
- G. The holder of an approved license for a fiesta, carnival or festival shall be held responsible for the correct placement of booths, trailers and stands. Vendors who fail to follow the instructions of the approved license holder may have their permits revoked.
